makes the hair grow. Do you
abt the testi-
s who write us
below. It seems to us that
y doubter.

"My hair was coming
out by the handful and was
turning gray very fast.
Two bottles of Ayer's Hair
Vigor stopped this and
restored color to the gray
hair. After using six bot-
tles my hair began to grow
thicker and thicker, until
now it is very heavy."

Mrs. M. D. GRAY,
Salem, Mass.
October 9, 1899.

You probably know at least a dozen new hair preparations, not one of them over a year old. They are coming and going all the time. But Ayer's Hair Vigor has lived and flourished for half a century. This is because it is founded on the right principle, that of feeding the hair. As eggs, meat, and bread nourish the whole body, so Ayer's Hair Vigor feeds and nourishes the hair.

Run your fingers through
your hair! We know the
hairs come out each time.
when you brush or comb
roots of your hair a little
